Best Image of the Salon

2021

*As I have done in the past, I wanted to make sure that all WCC members were able to have a look at all of the winning images submitted to the Salon.*

*Again this year our show and all judging and viewing were done virtually. All images presented are digital. Many thanks to Dan Eberwein for putting together all of the images in a slide show accompanied by music and presenting the winning images so artistically.*

*As always, there were many beautiful images presented, and I am certain the judges had a most difficult time deciding who would get those coveted awards. This special edition shows all of those winning images. The slideshow of all of the images is also available on the club web site as well as on You tube and can be accessed from our home page.*

*And as I have done in the past, this is an all image edition with the list of the highest total point scores for novice and advanced individuals in all categories. Congratulations to all of the winners.*

*I hope that you enjoy the view.*
