

The Contact

Special Edition

Results of the End of Year GDCCC Salon submissions by Windsor Camera Club

January 2021

This special edition of the Contact contains the winning images submitted by our members of the Windsor Camera Club to the End of the Year (EOY) Salon of the Greater Detroit Camera Club Council.

Most categories of the images are the same or similar. For example, the categories listed are:

CC: Altered Reality

NA: Nature

CG: Colour General

MG: Monochrome General

And CR: Creative

Also, you will note that there are different categories for the makers of the images. These are:

Beginner, Advanced, Salon, Star and Galaxy and are defined as:

BEGINNER (BE) is a member who has not attained five (5) points in GDCCC competition.

ADVANCED (AD) as one who has attained five (5) points in the GDCCC beginner class.

SALON (SA) as one who has attained seven (7) points in the GDCCC advanced class.

STAR (ST) as one who has attained seven (7) points in the GDCCC salon class.

GALAXY (GA) is one who has attained fourteen (14) points in the GDCCC star class.

I hope that this explains the lettering accompanying each image. All images are digital submissions as there is no print judging at this time.

Congratulations to all of the winners.
