Fall 2020

As I have done in the past, I wanted to make sure that all WCC members were able to have a look at all of the winning images submitted to the Salon.

This year has certainly presented a different show for us and all judging and viewing was done virtually.

As always, there were many beautiful and artistic images presented, all members hoping that they have the winner of those coveted awards and I am certain the judges had a most difficult time deciding who would get those awards. I have put together this special edition with all of those winning images so that everyone can have the opportunity to see and enjoy the beautiful work of our camera club members. A slideshow of all of the images is also available on the club web site.

And as I have done in the past, this is an all image edition with the list of the highest total point scores for novice and advanced individuals in all categories. Congratulations to all of the winners.

I hope that you enjoy the view.
